

# Feature Feedback Program for Our Valued Customers

Last Modified on 26/05/2025 7:19 pm AEST

We continuously strive to innovate and enhance our platform, and we value your feedback in this process. Our Feature Feedback Program gives you early access to new ideas and features, allowing you to influence the development and ensure they meet your needs.

Our features vary in their stages of development, ranging from early-stage concepts to more refined functionalities. Depending on the stage, the features will be available to you in different ways. We categorise them into 4 stages:

By participating in our Feature Feedback Program, you play a vital role in shaping the future of our platform, helping us deliver high-quality features that add value to your experience.

Thank you for being a part of our journey! 😊
