

Where to next

Last Modified on 07/07/2026 4:16 pm AEST

Now that you know your way around Nova, explore these related topics:

- **Process and Workflow** - automate and orchestrate your business processes.
- **ReadiAI** - put AI to work in your applications.
- **Building Applications** and **Working with Resources** - design pages, forms and reports.

Draft article - combine with live screenshots from your Nova environment before publishing to KnowledgeOwl.
